residential work

commercial work

The leading architect and founder is Henry Gilbert Volier. He is a licensed architect with a B.Arch from Cal Poly San Luis Obispo, and an M.Arch from the University of London. Being in the field for 12 years, his passion for unique, integrated, and problem-solving design technics has led to the establishment of H.Vo. He is a British American based in Paris, France. The firm focuses on international clients from the United States and other parts of the EU. We are a small respectable firm established in 2011 with 25 employees and growing. Our focus is residential and commercial spaces. The main image the firm stands by is a creative, passionate, and an approachable style.
